

COMMIT Campaign Update January 2018

Youth Center Renovation

Plans are continuing for the renovation of the Fellowship Hall that will become the Youth Center. This space will allow our church to provide the youth ministries the space they need to reach more students with the life changing message of the gospel. The planning team is currently finishing up the plans, securing bids and permits needed to begin the project. Hopefully, we will see work beginning in mid-January.

Sanctuary Technology/AC Upgrades

Thanks also to the generous gifts to the Commit Campaign we have seen upgrades to some of the technology in the Sanctuary. The new projector and screens look amazing. We will also be upgrading the Wi-Fi in the sanctuary during January to bring the connectivity up to date and make it available in places that had access before. We also finished up installing a new 20-ton A/C unit in the sanctuary that will help even out the heating and cooling.

Landscaping Upgrades

You may have noticed some landscaping upgrades happening around several places on campus. We have ground up stumps and replaced bushes that had died and filling in bare spaces that needed plantings. We will continue to upgrade areas as we have the resources to do so.

Santos Hall Improvements

We have continued to upgrade areas in Building C in Santos Hall with the installation of the tile at both entrances, new flooring in the Rotunda area and new carpet in the south hallway, Chapel and Special Events Dining Room. Furniture has been ordered for the south hallway and will be in soon.

For questions about the Commit Campaign, contact Scooter Leonard, Executive Director of Administration at 407.876.4991 ext. 223 or scooter@st.lukes.org.
