# WORSHIP

## What's up with worship?

Sermon series: "Broken Beauty"

So often we do not allow the broken places of our lives to be healed, and they become something we are ashamed of. Through the work of God in Christ, our brokenness is not only redeemed, but becomes something new and beautiful that reveals the glory of God to the world.

This Lent we will look at different characters in the scriptures who struggled with their own fragility and allow them to teach us ways to live that prepare us for the work of God's healing in Christ's death and resurrection.

This week in worship...

The Samaritan woman allowed her life and her daily routine to be defined by her brokenness. She could only imagine that people could see her or identify her through her brokenness. Jesus however, looked past that and engaged her as a daughter of God. At some point, in order to be healed and put back together by God, we have to stop living only out of the hurt, shame, or brokenness and have a new vision for ourselves – see the beauty in the ugly, and the value in our lives. We have to see ourselves the way God sees us.

## Circles Campaign Update

This has been an exciting year developing the Circles® Campaign with St. Luke's as the lead organization in Orange County. The Circles® Campaign is a research-based model that partners lower-income families (Circle Leaders) with upper or middle income families (Circle Allies) who become friends and work toward transformation. After 24 hours of Circle Leader training, 12 hours of Ally training, and forming neighborhood partnerships, Circles Weekly Meetings have begun in Winter Garden on Tuesdays from 6:00 p.m. to 8:00 p.m. The Circle eats together, laughs together and learns together each week. There are 7 Circle Leaders, 14 Allies and a number of other volunteers and partners making Circles possible! Circles is a major component of the Community Transformation Initiative in East Winter Garden where St. Luke's is working to end poverty one family at a time.

*Circle Ally, John Smith:* "Circles has demonstrated that we all have assets to give and those assets can be the foundation of a relationship based on reciprocation versus just being givers and receivers."

*Circle Leader, Sebrenia Brown:* "Circles has made me see that when we come together as one, we all can move the mountains and not just faint because we see the mountain... Teamwork ALWAYS makes dreams come true."

*Circle Leader, Catalina Urquiaga:* "Circles brings people together by bringing out their best features. I found great features about myself through the program and its fascinating modules."
