CHILD DEVELOPMENT
CENTER

About Us

St. Luke's Child Development Center has been nurturing young learners since 1990.

Many of our teachers first came to St. Luke's as parents, bringing their own children here, and then choose to stay because of their deep love for children and education.

Our team is built on experience and commitment. On average, our teachers have been with us for 6 years, with several serving our school for up to 26 years. We pride ourselves on low staff turnover, strong relationships, and a true sense of family.

St. Luke's is more than a school, it's a generational community, where families return year after year, siblings follow siblings, and children grow in an environment rooted in care, connection, and belonging.

Chapel

At St. Luke's, we proudly welcome families of all faith backgrounds. Our school community includes children from Jewish, Muslim, Catholic, Mormon, and many other faith traditions, as well as families who are exploring faith for the first time.

Chapel is centered on what all faiths share in common such as kindness, compassion, gratitude, love, and caring for others. Through age-appropriate songs, stories, prayer, and conversation, children are introduced to values that help them grow into thoughtful, respectful, and loving individuals.

Our goal is not to compare beliefs, but to create a space that is welcoming, gentle, and rooted in kindness, where every child feels valued and respected.
